EDUCATION

Master in Computer Application

National Institute of Technology, Raipur

August 2022 - Present

Raipur, Chhattisgarh

CPI - 9.7/10

Diploma Holder in Software Engineering

Indian Institute of Computer Science

July-2020

New Delhi, India

Grade-A

Bachelor of Science (PCM)

Indira Gandhi National Open University

August 2017 - July 2020

New Delhi, India

Division - First

EXPERIENCE

Open Source Contribution GirlsScript Summer of Code (GSSOC)

May 2023 - August 2023

New Delhi, India

- Built and updated web applications ensuring they met project require-
- Managed changes efficiently using GitHub for version control, collaborating seamlessly with project mentors.
- Made websites mobile-friendly, ensuring they looked and worked well onall devices and screen sizes.
- Strengthened website security by setting up strict form validation, prevent-ing incorrect data submissions.
- Contributed to more than 17 different GitHub repositories, actively participating in code reviews and successfully merging 34 pull requests.
- Technologies Used: HTML, CSS, JavaScript, ReactJS, Tailwind CSS.

CODING PROFILE

Geeks For Geeks - Geeta LeetCode - Geeta Coding Ninjas- Geeta

CERTIFICATES

Algo University - CodeRush Challenge Certified 30 Days of Code - Turing Club of Programmers NITRR Problem Solving (Basic) Certificate - HackerRank

PROJECTS

CAMPUS EVENT NAVIGATION SYSTEM

- Developed a Campus Event Navigation System, facilitating user registration, verification by administrators, and secure login functionality.
- Designed an intuitive user interface for viewing event details, locations, category, sponsors, coordinators, and other related information.
- Enabled user-administrator communication through a contact form, allowing users to reach out to administrators for inquiries or assistance.
- Admin functionalities included event, sponsor, category, coordinators, profile, password, and contact management, facilitating efficient oversight of the system.
- Technologies used Spring Boot, Thymeleaf, HTML, CSS, JavaScript, Bootstrap, MySQL.

Personal Portfolio Website

- · Enhanced website with 5 wireframes showcasing a Education, Work, Skills, Projects and Contact form.
- Ensured optimal user experience with responsive design across devices.
- Implemented useState Hook for efficient state management, including form validation in the Contact section, and utilized map functions to navigate components within the singlepage application structure.
- Technologies used HTML, CSS, ReactJS, Tailwind CSS.
- Geeta259/My-Portfolio

ACHIEVEMENTS

Ranked in Top 100 Contributor

 Contributed to 25+ repositories and merged 30+ valid pull requests in GirlsScript Summer of Code'23.

Winner of 30 Days of Code

· Competition hosted by the Turing Club of Programmers at NITRR, showcasing exceptional problem-solving skills and dedication to continuous learning.

GeeksforGeeks Ranking: Top 120 at NITRR

Ranked within the top 120 among all students of NITRR on GeeksforGeeks, highlighting a commitment to continuous learning and skill development..

Solved over 1000 coding questions

• Demonstrating extensive problem-solving proficiency and dedication to mastering algorithmic challenges.

TECHNICAL SKILLS

- Programming Languages: Java, HTML, CSS, JavaScript
- Technologies/Frameworks/Libraries: JDBC, Spring MVC, Spring ORM, Servlet/JSP, Spring Boot, Thymeleaf
- Databases: MySql
